This month we were also able to continue our Kotahitanga Paraire mahi, focusing on helping our pakeke with their lawns and landscaping and any other mahi they've been wanting to get done around their whare during this raumati weather.

We are dedicating a few hours every Friday helping out around the community with more hands on mahi, such as rubbish picking, gardening, cleaning up around the Marae, tree planting etc. We would love to hear any recommendations on how we can assist around the community in the future so please get in contact whānau.
