Kotahitanga Paraire

This month for Kotahitanga Fridays the team got out of the office to help our whanaunga Ripeka Uruwhiua Irwin from Tetukukura Charitable Trust plant trees along the Tunanui river. What an awesome couple of days!

Around 2000 - 2500 trees were planted so far, all of which provided from Trees That Count.

A big mihi Kōkā Varnya and the rangatahi from [TKKM o Kawakawa mai Tawhiti](#) who also came out to help!

Last month (September) we also helped out with the clean up along our rori.

A total of 36 rubbish bags were filled from rubbish between the camp ground

and the Hicks Bay intersection.

Elections in Matakāoa

Wayne ABRAHAM and **Pohatu POUTU** are the Elected Representatives for Te Runanganui o Ngati Porou - Rohenga Tipuna 1 - Potikirua ki Whangaokena

Big Congratulations to both tane on their achievements!!

Check out some of their responses to our questionnaire held leading up to the elections here: [Te Runanganui o Ngati Porou \(manaakimatakaoa.com\)](http://manaakimatakaoa.com)

This month we also had the general elections held at both Te Kura Kaupapa Māori o Kawakawa Mai Tawhiti and Te Waha o Rerekohu. We assisted both by holding a free community bbq at both locations as well as offering free transportation to and from Te Waha o Rerekohu throughout the day.

Rangi Parauri - Mataora Training

Mahi a Atua - September 2023

What a powerful week and experience our team had at the September Mahi a Atua - Rangi Parauri wānanga!

All of our team have now completed intensive Mataora Training, and can't wait to share our knowledge and experience with our whānau and wider hāpori.

Ngā Mihi Nui to all the team and facilitators at Mahi a Atua who helped make this experience possible.

Check their mahi out whānau!

Ngā Tāonga o Matakāoa

This month our pakeke have been busy preparing for their upcoming cruise with lots of planning, organising and fundraising.

On November 3 2023, 9 of our pakeke and 3 kaimahi will be setting sail around Te Ika-a-Maui. They will leave Auckland and will sail down to Picton in the South Island before heading back to Auckland spending 4 days at sea.

This month our pakeke had their usual weekly programme which included crafts/painting, board games, kani kani, and in September heading to Kitchen Khaos to have lunch with our whanaunga in Waihou Bay.

Hineteiwaiwa Māmā/Pepī workshop

Are you expecting a little bundle of joy in 2024? Hapu or have tamariki under the age of 5?

When you join our Hineteiwaiwa Māmā/Pēpi programme, you join a beautiful bunch of Māmā supporting each other through the most important years of our babies lives.

We are passionate about re-indigenizing our parenting ways and educating whanau on how our Tipuna raised their tamariki to be strong, independent people by acknowledging their tapu and enhancing their mana.

"Talk to your tamariki as if they are the King or Queen of tomorrow, for what they hear is what they will believe"

Big congratulations to 2 of our māmā who have given birth this month.

Arohanui from all the Manaaki Matakāoa team.

Register through the link below and I will be in touch.

Oranga Whānau/Kaimahi Taiwhenua

The oranga whānau and Kaimahi Taiwhenua team are hard at work with a range of mahi, from whānau plans to housing assessments and general property maintenance, our Kaimahi Taiwhenua and Oranga Whānau team are on the ground out in our community providing a range of care to our whānau.

Our Whānau Plans are here to support our local whānau to consider and plan around their broad hauora/wellbeing goals and aspirations. Our kaimanaaki will work closely with whānau to develop their plan, identify where we can help, and walk alongside the whānau as they work to achieve their aspirations and goals.

Whānau plans draw from a Te Ao Māori approach and include:

- Physical, mental, spiritual and collective wellbeing goals
- Cultural wellbeing including access to mātauranga, te reo me ōna tikanga
- Environmental wellbeing and healthy housing

If you would like to go through a Whānau Plan, please reach out to Richelle to arrange a time best suited for you, or send us an email at info@manaakimatakaoa.com.

Tangata Kōkiri

The Kōkiri Strategy is aimed to provide vital communications and power to isolated clusters of households during times of natural disaster. Through the use of CB and RT radios, powered by generators and/or solar batteries, the household clusters will form a relay network to reach out for assistance and support, until communications and power networks are re-established.

We currently have 16 Tangata Kōkiri located around Matakāoa, if you would like more information around who the nearest Tangata Kōkiri is in your area please reach out to one of the team or email us at info@manaakimatakaoa.com.
