MAURI ORA!

Big Latch On Ngāti Porou Oranga

Is an annual event where parents get together around Aotearoa to breastfeed and offer peer support to other breastfeeding mama in their communities. Friends, family, and the community join in to celebrate and promote breastfeeding. This year 3 māmā and their pēpi on the Hineteiwaiwa programme went over to Ruatoria to participate in the event.

The event featured kai, discussions, rongoā māori, child safety, health promotions and more.

Cyber Awareness/Information

This month we have continued to bring awareness around Cyber Safety, and useful and beneficial resources, using the power of technology.

Working closely with NetsafeNZ we were able to design, create and deliver around 30 interactive activity packs, relating to cyber safety and useful information for parents keeping their tamariki safe online. The pack included coloring books, stationary, info sheets, stickers and more.

For our pakeke we delivered information and awareness around 'Piki Te Ora' a Remote Patient Monitoring service which is designed to empower patients, especially in rural communities, to take an active role in managing their health. Specifically focusing on individuals who suffer from Heart and

Respiratory issues.
